You can send them all to our warehouse:

Also- do you have the capability to do a rendering of the unit with the new graphics? We like to have one for our sales presentations etc.

Chris,

I will work up the quote and send it over.

Are we shipping the inserts to one or several locations. If they are going to multiple locations, can you please send over each address with quantity.

Do invoices still go to accounting@drinkbiolyte.com?

Thanks,

Jason
