That is correct! Sorry about that I was in Augusta visiting our branch there and meeting with a retailer.

Report Suspicious

Hi Jason,

Why don't you go with 30. That should cover all of the defective ones that I have been told about so far. Coach is fine with that number. As I said, I should have the suction cups to send back next week. Just let me know where I need to send those.

Thanks,

Leigh,

Once you have final counts on the total Powerbars that need to have updated suction cups we will process a warranty order and get them shipped to you. If you are confident on the 25 units we can get it processed now but would be difficult here to re-open after we process the warranty claim.

Any questions, please feel free to call my cell phone at 917-832-0525.

Cheers,

Jason

Hi Jason,

I have 2 suction cups so far from the team. I am expecting more from them today at our meeting. We have replaced 15 racks so far because of this warping of the suction cups and I expect we will replace another 10 by months end. So 25?

I will mail the defective Suction cups to you as soon as I get the rest from the team.

Thanks,

Leigh Reagan

Leigh,

Hope you had a great weekend and the Orlando show went well. Wanted to circle around to see if you and your team were able to make any headway on the suction cup replacement counts?

Any questions, please call my cell phone at 917-832-0525.

Cheers,

Jason
