We don't have PO's but if you include GL6015 that would be great.

Jason,

Could you give me a quote to create new inserts for our see suction displays?

Chris,

The end of the year is fastly approaching, and I wanted to slow down and take a moment to say thank you for being a valuable partner for iSEE over the course of the year. I'm touching base with a handful of people that I think may be able to benefit from this, but we are offering discounted pricing on a handful of stock items, with a particular focus on moving an overstock of suction racks and floor displays.

If there is any possibility you may be in need of some merchandising display tools to kick the year off with, definitely let me know. Either way, I hope you have a great Thanksgiving and get to enjoy some much deserved downtime!

Soon to be in a food coma,  
Jason
